SAMI DAVIES

email sami@northwestern.edu
website samidavies.com
position Post-doc at Northwestern CS

Research Objective

To design algorithms for combinatorial optimization problems that go beyond worst-case analysis in order to (1) develop a more complete theoretical understanding of a problem's difficulty and (2) provide performance guarantees that are representative of what happens in practice.

Education

University of Washington
2016–2021 Ph.D. in Mathematics

University of Illinois at Chicago
2015–2016 M.S. in Mathematics

Carnegie Mellon University
2011–2015 B.S. in Mathematics
Minor in Economics, College and University Honors

Publications

Recent Invited Participation and Internships

Feb. 2023 Dagstuhl Seminar in Scheduling
1 of 5 invited hour long talks

Oct. 2022 EECS Rising Stars
Workshop, held at UT Austin in 2022

June 2022 TCS Women Rising Stars at STOC 2022
Virtual talk on robust tensor factorization

May 2022 IDEAL Workshop on Algorithms for Massive Data Sets
Virtual talk on learning-augmented algorithms

May 2021 CanaDAM(Canadian Discrete and Algorithmic Mathematics)
Virtual talk on scheduling with communication delays

Summer 2020 Microsoft Research, Redmond Intern
Hosted by Janardhan Kulkarni and Jakub Tarnawski in the Algorithms group

Feb. 2020 Dagstuhl Seminar in Scheduling
Talk on the Santa Claus problem

Feb. 2019 Nebraska Conference for Women in Mathematics
Panelist, invited guest at conference at the University of Nebraska–Lincoln

June 2018 Women in Theory
Workshop, held at Harvard in 2018

Awards and Fellowships

2021-2023 NSF Computing Innovation Fellow
Awarded funding for a two-year post-doctoral fellowship

2020 Tanzi-Egerton Fellow
Awarded to an outstanding senior graduate student in mathematics at UW

2020 **Microsoft Research Dissertation Grant**
Awarded to ten graduate students in computer science across the US

2017-2019 **McKibben and Merner Endowed Fellowship in Mathematics**
Awarded to two mathematics Ph.D. students at UW who were exceptional in their preliminary exams and first-year courses

Teaching

I taught the following courses:

Math 107	Math in Society	FEPPS Summer 2018
CSE 311	Foundations of Computing I	UW Spring 2020

I served as a teaching assistant for the following courses:

Math 111	Algebra with Applications	UW Fall 2017
Math 124	Calculus I	UW Winter & Spring 2017
Math 126	Multivariable Calculus	UW Fall 2016
Math 121	Pre-Calculus	UIC Fall 2015 & Spring 2016
21-241	Matrices & Linear Transformations	CMU Spring 2015

Service and Outreach

SODA 2020, ICALP 2020, *IEEE Transactions on Information Theory*, MFCS 2020, ISAAC 2020, *Operations Research*, PODS 2021, WADS 2021, ICALP 2021, STOC 2022, ICALP 2022, ESA 2022, *Discrete Mathematics*, ISAAC 2022, SODA 2023

Dec. 2021 **Co-organizer 2021 Northwestern Junior Theorists Workshop**
Co-organized a workshop highlighting rising theoretical computer scientists. https://theory.cs.northwestern.edu/events/2021-junior-theorists-workshop/

2018-2021 **Washington Directed Reading Program**
Mentored for the WDRP, a program that pairs undergraduate students with graduate students for independent reading projects. Helped conceive and write grants for the WDRP in summer 2018.

2021 **Mastery Learning Hour**
Tutored math for K-12 students. Provided support to students during COVID-19 pandemic.

2017-2019 **Freedom Education Project Puget Sound (FEPPS)**
Tutored incarcerated women during the fall and winter of 2017. Served as the course co-instructor for Math 107 during the summer of 2018 at the Washington Corrections Center for Women.

2018 **Math Circle**
Served as an instructor during the spring of 2018.

2016-2021 **Assocation for Women in Math**
Served as secretary of the UW student chapter during the 2018-2019 academic year.
